EXILE 100.7FM

DANCE MUSIC RADIO

Hello! And welcome to issue 3 of the Exile update the first one of 1994, and an issue packed with the same sort of entertainment that comes out of your speakers every weeked on 100.7 FM.

Firstly, we would like to take the opportunity to wish all our listeners a very happy and successful new year. In particular, we wish success to our many listeners who will be taking exams shortly at school or college. Here at EXILE, we are all confident that 1994 is going to be a great year and that with the listener's help we can continue to grow into the nations premier dance music radio station.

Anyway, on the subject of broadcasting, as I write this we are about to start our 42nd weekend of transmitting; that's just over 9 months of solid, consistant dance music without missing a single weekend. However, since update no.2, we have had further equipment theft and also putting up with a sloping floor in the temporary studios we used for our non-stop 13-day broadcast over Xmas (that's why so many records jumped!)

Once again, we stress that our problems arising from either theft or vandalism have been the acts of jealous individuals and NOT the Department of Trade and Industry. We also wish to point out that we are still as dedicated as always to providing a service of dance music to entertain the young people of central England, and we always endeavour not to cause offence of interference to any listener or other broadcaster.

Nuff said! - Thanks for buying Exile update No.3; we are sure you will enjoy it, and what's more it may one day become a collectors item - who knows!

Studio Gossip

There's been quite a few staff changes here at EXILE since update No.2. Paul Prince left us in January to work in the sunnier climate of Playa de las Americas, Tenerife in Tramps Nightclub, and Sunday presenters Matt James and Karl Lyon have both left us for their own personal reasons. But here at Exile, we think they're expecting their first child!)

The total shock came when Wayne Taylor announced his resignation, only to return sensationally the following week, after missing only one show! We don't think he could bear to be away from you. We have however recruited three new DJ's in the shape of Chris Peters, Chico, and Mark Ashworth; and we are still on the lookout for a promising young female presenter - could it be you??

Future Plans

As mentioned in update No.2, a change of frequency is still very likely, but not for some time as the new station HEART FM (strictly for your parents!) is not commencing broadcasts until late Summer '94, so we appear safe for the moment, and we will certainly keep you posted if and when the change becomes necessary.

We hope to organise a few Exile roadshows in late Spring/Early Summer, so you will at long last get a chance to meet us all.

As for the Exile update, we would welcome the start of a listeners letters page giving us all your ideas and opinions - so get writing!

Worst DJ experience :-

"Opening the door of my car a few years ago to find a thief had decided to remove a box of about 400 records from my back seat. Also DJ'ing at a 21st birthday party a few weeks ago at which Wayne Taylor came along to help. However, he accidentally cut off all power just as I was saying goodnight to a room full of people - Slightly embarrassing!"
